Breast Cancer Task Force Update			
<p>Next meeting is from 9:30-10am on November 17th. There will be an opportunity to network and connect with other members of the task force at the beginning of the meeting.</p> <p>The Breast Cancer Task Force published an advertisement in the Colorado Nurses magazine that goes out to 72K ppl. They are hoping to bring awareness to everyone that IBC is also a concern and one that is less known. As knowledge is power they will be creating some slides about self-breast exams, screening info, connection information, and how to talk about breast cancer so individuals can include those in presentations they are already doing.</p>

HPV Task Force Update			
<p>At this month's task force meeting, we finalized our 'pitch' of what the task force can offer and we're reaching out to LPHAs and school nurses to offer our assistance and grow our membership base. We also initiated discussions with Denver Public Schools about their health education curriculum. Furthermore, we reviewed existing HPV educational materials (i.e. infographics and fact sheets) and we plan to coordinate with the Denver Metro Alliance for HPV Prevention to push out pieces of their communications campaign to a larger, statewide audience. Finally, we've identified community events where we can raise awareness about HPV vaccination, and this week we were at the Crucial Catch Day hosted by ACS and MCPN.</p>

Skin Cancer Task Force Update			
<ul style="list-style-type: none"> • Our work was recently featured in the Denver Post (http://www.denverpost.com/2016/10/10/colorado-sunscreen-melanoma/) and in the CDC Success Story, "Specialized Photography Promotes Sun Safety in Colorado" (attached). • Klein Buendel has received a mini-grant from the CDPHE to disseminate sun safety curriculum in 200 high altitude CO schools. • Drs. Lori Crane and Nancy Asdigian from the Colorado School of Public Health and Dr. Dellavalle from the Department of Dermatology have begun a 2-year project funded by the CCPD to promote skin cancer prevention on 10 college campuses across Colorado. • We have participated in a number of outreach events including the Summit Melanoma, Bronco's Wellness Fair, UPS Health Fair, Colorado Cancer and Wellness Conference. At these events we have provided sunscreen and educated participants on skin cancer prevention using our specialized cross-polarized light photography revealing sun damage. • We will be involved in the upcoming Cancer Screening Provider Training.

Screening Coordinating Committee Update

We are working to finalize the mission of this committee - key points that we'd like to include are:

- Core space to coordinate disparate rates of screening
- Synergize work that each task force is doing, avoiding overlap/duplication
- Identify areas of collaboration
- Share what all are currently doing on own (and across task forces), identify ways others can support and work on new projects together
- Collaborate on ways we can have a greater impact on policies and other systems level work that relates to screening

Projects/collaborations being discussed include:

- Early stages of looking into the feasibility of a state-wide screening registry
- Very early stages of discussing a public-facing screening website/assessment tool
 - Potentially start with a health assessment of sorts, would provide users with information on which screenings they are due for)

- Expand to other functionalities like connecting to resources and specific patient needs
 - Potential 9HealthFair collaboration
-

Upcoming Provider Training for the primary care workforce - Nov. 4 - please share with your networks

- Cancer Screening session from 12:30-4:30pm. More information and to register here: <http://tinyurl.com/NovProviderTraining>
