Why an Awareness Kit?

What is a Tax Checkoff Program?

An income tax refund voluntary contribution program, commonly referred to as a "tax checkoff program", appears on the state individual income tax return form. The number of programs that appear on the form each year is capped at 20 and preference for placement on the form is given to returning programs.

How do I contribute to a Tax Checkoff Program?

It's very simple. On the Voluntary Contribution Schedule form fill in each line with the amount of your donation for each cause (we are line 12 this year). Or you can have your tax preparer fill in the form for you. Just let them know which causes you want to contribute to.

I'm not expecting a refund. Can I still make a donation?

Even if you aren't getting a refund, you can still contribute. Just follow the instructions on the form.

About this Kit

This kit was created to raise awareness through social media about the Tax Checkoff Program and the Colorado Cancer Fund. We hope you use this guide to help spread awareness during tax season about the Colorado Cancer Fund, which is Line 12 on your Colorado State Tax form.

Who Should Use this Kit?

This kit is for anyone who wants to help spread the word about the Colorado Cancer Fund and is interested in helping to support more vital programs for cancer patients and caregivers across Colorado.

About the Colorado Cancer Fund

The Colorado Cancer Fund is a voluntary contribution program on the Colorado State Income Tax Form. The goal of the Colorado Cancer Fund is to help reduce the burden of cancer in Colorado by improving early detection and expanding existing education, screening and quality of life services throughout Colorado for populations who are currently underserved.

The Fund was developed by advocates who are passionate about preventing uninsured and under-insured people from falling through the cracks in the social safety net. The Colorado Cancer Fund evolved from the former Breast and Women's Reproductive Cancers Fund. It is now a program under the Colorado Cancer Coalition, a statewide collaborative working to eliminate the burden of cancer in Colorado.

The Colorado Cancer Fund addresses the significant needs of Coloradans impacted by cancer. The intention of the Colorado Cancer Fund is to complement, not duplicate, current services.

The Colorado Cancer Fund revenues are distributed via a competitive grants program.

2018 - 2019 Colorado Cancer Fund Grantees

In 2018-2019, the Colorado Cancer Fund review committee identified 18 applications that were fundable. The Colorado Cancer fund prioritized 12 projects for funding, and the Colorado Department of Public Health and Environment was able to fund the remaining 6 projects through Cancer Plan Implementation funds from the Comprehensive Cancer Control Program*. A total of **\$81,163** was distributed through the following organizations to implement the Colorado Cancer Plan.

- **10 Motivational interview trainings** to increase HPV vaccination rates across the state provided by the HPV Vaccination Task Force.*
- The use of Cross-Polarized Light (CPL) photography on the Western Slope to provide skin cancer prevention focused outreach and education among children, young adults and adults provided by St. Mary's Hospital Foundation. **Over 800 people were screened and over \$9,000 in donated sunscreen was given to participants.**
- The Alliance of Colorado Community Health Workers, Patient Navigators and Promotores de Salud worked to improve knowledge, attitudes and behaviors of 75 Patient navigators who work on cancer screening programs in geographic regions outside the Metro Denver Area to **reduce barriers affecting cancer screening among underserved rural community members.**
- Supported Clinica Tepeyac's goal to **provide human papillomavirus (HPV) testing and HPV immunizations for low-income, primarily Latinas and Latinos from the Denver metro region.**
- Rocky Mountain Cancer Assistance (now Ray of Hope Cancer Foundation) provided \$5,000 in **temporary financial assistance to low-income Colorado cancer patients** so that they can maintain their dignity and quality of life while in treatment. Their objective is to reduce this stress whenever possible and help ensure that patients can continue their treatment.*
- Native American Cancer Research Corporation **encouraged healthy behaviors for American Indian Cancer Survivors** through navigation, education, and support groups.

Line 12! Support vital programs for cancer patients and caregivers!

2018-2019 Colorado Cancer Fund Grantees

- Living Journeys provides **financial assistance** to cancer patients geographically isolated, with no radiation services at Gunnison Valley Hospital and limited oncology specialists. *
- Hope Lives provided guidance in **self-care, self-advocacy, and personal growth** in a supportive environment through professional coaching for **breast cancer survivors** who recently finished cancer treatment (within the last 2 years).
- Servicios de La Raza applied a promotora-based culturally and linguistically appropriate educational intervention in Denver, Adams and Pueblo Counties to produce **cognitive and behavioral changes to reduce the risk of skin cancer and the diagnosis of advanced melanoma in Hispanic adults** in Colorado.
- Memorial Regional Health provided **free cervical cancer screenings to women in Moffat County** who live at less than 100 percent of the Federal Poverty Level (FPL).
- Project Angel Heart prepared and delivered **nutritious meals**, at no cost, to Metropolitan Denver residents living with cancer.*
- The Survivorship and Palliative Care Task Force created and distributed a brochure to **raise awareness of palliative care** and associated services among cancer patients and caregivers in Colorado.*
- Blue Prints of Hope provided workshops to **empower, educate, and arm patients & survivors with reachable tools and resources** to help them live value-based, enriched, & meaningful lives in **Southwest Colorado**.*
- **Prostate screening education and supplies** in Huerfano County provided by the Prostate Conditions Education Council.
- Veula for Health utilized Community Health Workers (CHW)/ “Promotoras de Salud,” to help **increase the knowledge of HPV vaccinations in children and women in the Latino and Immigrant communities** in the Denver Metropolitan area through culturally appropriate community outreach and education.

Communicating #COCancerFund on Social Media

41

years of giving!

Colorado was the first state to incorporate voluntary contributions in 1977.

Educate on the importance of donating.

- Show the benefit this funding will bring
- Highlight past grantees
- Share stories of people grantees have helped
- Show why they can be a part of something bigger than themselves
- Demonstrate that a little can go a long way! Most people make a relatively small donation—an average of \$10—if a quarter of the population in Colorado donated \$10 this tax season that would total \$13 million dollars!
- It is a perfect time to remember your favorite charities and make a small contribution to help them continue making Colorado a great place to live and work.
- Colorado was the first state to incorporate voluntary contributions in 1977. This year we celebrate 41 years of giving!

In 2018, the Colorado Cancer Fund provided hundreds of nutritious meals to cancer patients via Project Angel Heart. Don't forget to donate on Line 12 on your state tax form, so we can continue to ease the burden on cancer patients. <https://www.coloradocancercoalition.org/colorado-cancer-fund/>

In 2018, the Colorado Cancer Fund provided free cervical cancer screenings in Moffat County via Memorial Regional Health. Don't forget to donate on Line 12 on your state tax form, so we can continue to catch cancer early. <https://www.coloradocancercoalition.org/colorado-cancer-fund/>

In 2018, the Colorado Cancer Fund provided financial assistance to cancer patients via Rocky Mountain Cancer Assistance (now the Ray of Hope Cancer Foundation). Don't forget to donate on Line 12 on your state tax form, so we can continue to ease the financial burdens of cancer patients. <https://www.coloradocancercoalition.org/colorado-cancer-fund/>

In 2018, the Colorado Cancer Fund funded Live by Living and the Latino Community Foundation to host ¡Vivir!: A Retreat for Latino Cancer Survivors and Their Caregivers, a project that provided a culturally responsive 2 day retreat designed to accommodate and educate Latino cancer survivors on healthy living.

"My life has been impacted by cancer in so many ways that the word no longer frightens me. Rather the word now serves as a reminder to call my doctor, live everyday in gratitude, take risks, forgive, love and take care of myself so that I may be present for those who need me. These are things that have been discovered and reinforced through the Live by Living retreats, especially the retreat for Latino cancer survivors and their families or caregivers." <https://www.coloradocancercoalition.org/colorado-cancer-fund/>

Still need to file your state taxes? Do a little good and join the thousands of other Coloradans who contribute on the voluntary contributions form. Support the Colorado Cancer Fund when you file your taxes!

The Colorado Cancer Fund is proud to be included as one of 20 eligible funds to participate in Colorado's check-off giving program on our state income tax returns in 2019. This program allows taxpayers to make voluntary contributions to their favorite charitable organizations when they file their state taxes. This year marks the 41st year of Colorado's tax checkoff program.

Last year, we raised more than **\$72,000** through check-off giving, which allowed us to grant 12 organizations with funding to carry out their vital programs for cancer patients and caregivers.

The great thing about check-off giving is the ease in which people can donate to worthy Colorado charities, such as Colorado Cancer Fund. A \$12 donation can make a huge impact, and every dollar donated stays in Colorado to support the critical services and programs we provide. For us, it allows us to grant more money to organizations across the state that work to help eliminate the burden of cancer in Colorado.

This year, we hope to raise additional awareness of check-off giving to encourage even greater participation in our community and ultimately more money raised to support vital programs for cancer patients and caregivers.
